Professional Experience

NVWINDIA (N. V. Websoft Services Pvt. Ltd.), Prayagraj, Uttar Pradesh, India **Apr 2025 – Jul 2026**

Web Developer – React.js, JavaScript, Tailwind CSS, REST APIs, Node.js, PHP, MySQL

- **Redesigned and developed the company's primary website and multiple responsive websites and web applications** using React.js, Vite, JavaScript, and Tailwind CSS, implementing a reusable component-based architecture.
- Developed responsive dashboards and admin panels with role-based interfaces, lead management workflows, and geolocation-based lead assignment features.
- **Designed and developed frontend UI and integrated REST APIs** for features involving third-party payment gateways, IVR calling, notifications, and chat functionality, collaborating with backend developers on API integration and overall feature delivery.
- Leveraged **AI-assisted development tools such as Cursor and Claude** for code assistance, debugging, refactoring, documentation, and improving development efficiency.
- Collaborated with backend developers to deliver maintainable and production-ready web applications.
- Followed development best practices including **Git/GitHub, responsive development, debugging, testing, and production deployment**.

CETPA Infotech Pvt. Ltd., Noida, Uttar Pradesh, India (Remote) **Aug 2024 – Mar 2025**

Full Stack Trainee & Intern – JavaScript, React.js, Node.js, Tailwind CSS, MongoDB, REST APIs

- Gained hands-on experience in full-stack development through practical training and internship work using **JavaScript, React.js, Node.js, Tailwind CSS, MongoDB, and REST APIs**.
- Worked on practical full-stack development tasks involving **CRUD operations, API development and integration, database operations, and frontend-backend communication**.
- Built frontend interfaces using **React.js** and worked on backend and database-related tasks using **Node.js and MongoDB**.

Drishti IAS (VDK Edventure Pvt. Ltd.), New Delhi, India **Apr 2023 – Aug 2024**
